

Mr. Dan Marcel Iliescu

Rector of Ovidius University of Constanța
Romania

A graduate of the Carol Davila University of Medicine and Pharmacy in Bucharest, he is a medical doctor and holds a Ph.D. in medical sciences, teaching preclinical disciplines, with a focus on anatomy. His research interests start from an anatomical and morphological perspective, covering anti-aging and regenerative medicine as well as the improvement of athletic performance, by means of an interdisciplinary collaboratively approach. He is the editor-in-chief of *Ars Medica Tomitana*, a scientific journal indexed in prestigious international databases.

He has interests in the management of medical and higher education institutions and, before becoming Rector of Ovidius University of Constanța, he held the position of Dean of the Faculty of Medicine. He is a member of prestigious international scientific societies such as the European Association of Clinical Anatomy, Anatomische Gessellschaft, Association des Morphologistes and Association des Anatomistes de Langue Française and is founder of the Romanian Society of Anatomy.
