

## **Dr. Heather MCKHANN**

### **Coordinator Executive Secretariat, Joint Programming Initiative on Agriculture, Food Security and Climate Change (FACCE-JPI)**

Dr Heather McKhann (F), Coordinator of the European Joint Programming Initiative on Agriculture, Food Security and Climate Change (FACCE-JPI). She has a doctorate from the University of California, Los Angeles. Following post-doctoral experiences in France and the Netherlands, she worked as a researcher at the French National Institute for Agriculture, Food and Environment (INRAE) between 1999 and 2009, leading a project on natural genetic variation in plants. She coordinated a trilateral project funded through the ERA-NET Plant Genomics. Since November 2009, she is an European affairs officer at the INRAE. In this role, in addition to the coordination of FACCE-JPI, she co-coordinated FACCE ERA-NET Plus, coordinates the Coordination and Support Action (CSA) ALL-Ready in preparation for European Partnership on agroecology living labs and research infrastructures and is WP leader in several ERA-NETs.
