

Mr. Răzvan Ionuț TEODORESCU
Rector of University of Agronomic Sciences and Veterinary
Medicine of Bucharest
Romania

Mr. Răzvan Ionuț Teodorescu is Professor of the Faculty of Land Reclamation and Environmental Engineering at the University of Agronomic Sciences and Veterinary Medicine of Bucharest. Distinguished by good organizational and managerial skills, in the period 2015 - 2020 he occupies the position of Vice-Rector Coordination Research Centres, Informatization, Counselling and Relationships with the Socio-Economic Environment and Dean of the Faculty of Land Reclamation and Environmental Engineering (2012-2014).

Mr. Răzvan Ionuț Teodorescu is a graduate of the Faculty of Biotechnology, BSc Diploma in Vegetal Biotechnology Engineering and PhD Diploma in Horticulture.

After obtaining the engineering degree, he started his activity within the National Biotechnology Program as a Project Officer and later at the National Program Management Center as a Domain Manager.

The position of advisor within the Ministry of European Integration (2004 - 2006) offered him the opportunity to contribute to the implementation of programs and reforms in the process of Romania's accession to the European Union.

He is involved in scientific research activities by implementing a lot of national and international projects as project manager or team member.

He is a member of prestigious national and international scientific societies such as: Member of the International Society of Horticulture Science (ISHS), Deputy Chairman of the Romanian Society of Horticulture - Bucharest Branch; Corresponding member (2019 - present) and Associate member (2014 - 2019) of the Academy of Agricultural and Forestry Sciences "Gheorghe Ionescu Șișești", Department of Soil Science.
