

Mr. Rene SUMMER
Director Government & Industry Relations, Ericsson Group
Sweden

Responsible with developing positive long-term industry conditions in the global ICT sector, Rene Summer is shaping Ericsson's policy thought leadership, fostering trust and constructive long-term relationships with key policy makers and industry stakeholders.

His area of responsibility includes policy intelligence gathering, policy analysis, Ericsson impact analysis and coordinating/leading execution of influencing activities towards policy makers, industry association and media. Earlier in his career, Mr. Summer held various business development, market analysis, pre-sale and strategic assignments across different Ericsson Business and Market Units, including Director Sales Strategies and Senior Market Analyst.

Rene Summer has an MSc degree from Reading University UK in International Business and Finance with expertise in Business Strategy, Economic Policy and Financial Markets.
