

Mr. Silviu Ionuț GRECU
CEO ROMAERO
Romania

Silviu Ionuț Grecu is an expert in the aerospace and defense industry, with extensive experience in management roles, within one of the most important companies in the Romanian industry.

An aviation engineer by profession, he developed and defined both his vision on the economic aspects of the industry and his management skills by graduating from an Executive MBA program at Tiffin University, Ohio, USA.

During his 10 years of working in aerospace & defense, he led important business development projects, in relation to the main global players in the industry. Starting July of this year, he took over ROMAERO management as CEO, with a management strategy focused on business turnaround and development.
